

TROY M604/M605/M606 MICR PRINTER FEATURES

HP AUTHORISED - TROY ENHANCED

New Touch Screen Control

TROY MICR printers, enhanced with the capability of locking a print job, allow for job authentication. Providing only authorised personnel with the ability to print, the 4-line LCD with numeric keypad allows the PIN number to be easily entered unlocking the printer capabilities for each print job

Available on MICR Secure and MICR Secure Ex printers

3-Position Printer Key Locks and Paper Tray Locks

Most businesses locate the workgroup printer in an open office environment. This creates a security risk. TROY offers MICR locks and paper tray locks to reduce the risk of check stock theft and printer misuse.

Exclusive Troymark™ Intelligent Anti-tampering Technology

TROYmark™ is a watermark of user-defined variable data, printed diagonally across each check. It provides state-of-the-art deterrence of fraudulent check alteration.

Available on TROY M605 and M606 MICR Secure Ex printers

ExPT™ Exact Positioning Technology

A MICR line out of alignment is one cause of rejected checks, a multimillion dollar problem for banks and companies. ExPT™ allows users to precisely adjust the MICR line with- out affecting the data file.

Built-in Secure Encryption and Decryption

Data security is critical in a distributed printing application. TROY's encryption/ decryption technology "unlocks" and prints the data only when it is received at the TROY printer.

COMPLETE THE SOLUTION

CheqXpress Software

CheqXpress is a Windows based desktop application that is easy to use, and provides a cost effective means of printing cheques securely onto blank security paper in a user controlled manner or in an automated manner on server based/hosted environments. Combined with a Secure laser printer, CheqXpress is one of the most innovative and secure cheque printing systems available today.

Troy MICR UV Toner

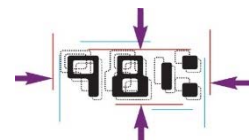

This toner appears as standard black to the naked eye but fluoresces blue under a UV verification light for an additional layer of security.

Troy MICR Toner Secure

A patented formula helps deter fraudulent alteration by releasing a red dye when chemical removal of toner is attempted with a solvent.

Cheque Paper

With a full selection of cheque stock to choose from, ChequeWrite can be your one stop solution for all of your cheque printing needs.
